

The client webpage <http://hrsa.dshs.wa.gov/providerone/Clients.htm> has been updated to say:

What you should know:

- The Services Card will be issued one time and not monthly
- Each person eligible for services will have their own card - not just one for the family.
- DSHS will mail the Services Cards to clients in November with instructions.
- The Services Card does not replace the Electronic Benefit Transfer (EBT) or Managed Care cards.
- The Services Card is for Medicaid (medical, dental, vision) services and the General Assistance Unemployable (GAU) program

The fact sheet <http://hrsa.dshs.wa.gov/providerone/documentation/Fact%20Sheets/P1IP003-0809%20Client%20Medical%20ID.pdf> was updated to say:

Who will receive the Services Cards?

For clients eligible for medical, dental and vision services, each eligible member of the household will have their own Services Card with a unique number. Managed Care clients will receive the new Services Card and continue to receive a separate card from the plan they are enrolled in.
